

Market Report

Wednesday March 11th

Regular sale

32 Head received.

On a light test this week we can't call a market on any class of cattle. With the futures market up one day and down the next, from what we did see the market across the scales seems to be somewhat steady; and with green grass just weeks away the demand for grass cattle is on the rise. Demand for bred cows is still fair and the demand for weigh cattle seems to be strong. Our next sale will be a Back to Grass Feeder Special on Wednesday, March 18th quite a few feeders and cows consigned to this sale.

Please give us a call with your consignments so we can get them advertised for you.

Thank you for marketing at your local livestock market!

We appreciate your business. Please give us a call if you have livestock to sell.
